MANICA NAMIBIA
MANICA GROUP NAMIBIA

Oil + Gas

Namibia's premier provider of complete Logistics support for Oil and Gas exploration and drilling operations since the 1970's.

Manica Group Namibia is the only company that provides the full scope of logistics and marine services required by the oil and gas industry. We offer full-house logistics support for turnkey developments, shore-based project management, including provision of land, accommodation, office facilities and management teams (+HSE).

We also provide ship's agency, clearing and forwarding, bunkering, lubricants, specialised parts and equipment

procurement, rig personnel recruitment, crew transfers, visas and flights, IT and telecommunications support, cargo-handling equipment rentals, bonded facilities and ample warehousing and storage.

Our portfolio of past projects boasts an extensive list of renowned international oil and gas clients that have explored and operated offshore along the west coast of Africa.

...no compromise on
quality and safety...
